

TaB Model Year Changes (Updated 3/1/2020)

Pleasant Valley Teardrop Trailers (PVTT) starting manufacturing T@Bs with the 2012 model. Previously distributed under Little Guy Worldwide, the factory rebranded as nuCamp RV and the 2018 models were the first *nuCamp RV T@Bs*. Early model year production is April through September and late model year is October through March. Effective with the 2022 models, nuCamp will follow an industry standard July model release plan. 2022 model release is July 2021.

2012 – 2017 Models referred to as T@B U, L, Q, S, CS and CS-S.

2013 – Under PVTT, axles changed from sealed German made AL-KO axles on Dutchman TaBs to Elkhart made Dexter axles with E-Z Lube zerk fittings. FYI: In 2015 US Dexter combined with German AL-KO VT to become DexKo Global. Both entities continue their respective brands.

Early 2014 Models

No outside 110 outlets
Surge brakes
Collapsible dining table that served as a bed slat
Optional fixed, tempered glass front window and old-style shades and screens
Atwood heater and Hot water heater (Burke & White)

Late 2014 Models
